### NEW! traxodent™

Hemodent™ Paste Retraction System

Place Traxodent

After 2 minutes, rinse away

**Predictable Hemostasis and Retraction in Minutes!**

**Easy, effective hemostasis and retraction**

- The sleek syringe with bendable tip permits easy application.
  - After two minutes it is rinsed, leaving a clean, accessible margin.
- Traxodent is gentle, absorbent and fast.**
- The soft paste produces gentle pressure on the sulcus while it absorbs excess crevicular fluid.
  - Aluminum chloride creates an astringent effect without irritating or discoloring surrounding tissue.
